

# Personal Emergency Plan

The University of Alabama

August 2023

Prepared by the  
Office of Emergency Management

## Personal Emergency Plan

While The University of Alabama prepares for and responds to emergencies, it is important for everyone to plan for their individual safety. Each person knows best what they may need in the event of an emergency. Individuals are encouraged to develop a personal plan. This document is designed to aid individuals in developing a personal emergency plan.

### Plan:

- Assess your situation. Think about your routine locations and communication methods. How would you evacuate from these locations in an emergency?
- Identify areas of refuge assistance in the buildings you regularly occupy.
- Identify individuals who can be part of a support team in the event of an emergency evacuation.

### Prepare:

- Complete contact information (see above).
- Identify specific areas of need you may have, such as mobility or communication assistance.
- Prepare a small emergency kit that contains the following supplies:
  - Flashlight, battery-powered or hand crank radio, and spare batteries.
  - Whistle (to signal for help) and manual can opener (for food).
  - First aid kit and necessary health equipment.
  - Antiseptic wipes or gel.
  - Dust mask to filter contaminated air.
  - Bottled water (one gallon per day per person).
  - Food (at least three-day non-perishable food supply).
  - List of model and serial numbers of any medical devices.
  - Spare eyeglasses, hearing aids, batteries (if needed).
  - List of prescriptions, including dosage and frequency.
  - Any medical alert tags or bracelets, or a written description of your needs in case you are unable to communicate during an emergency.
  - Supplies for a service animal, if applicable, including leash, tags, vest, food, water, and medications or supplements you administer to the animal.
  - Other items that may be needed that are not mentioned.
- If not already completed, enroll in [UA Alerts](https://ready.ua.edu/ua-alerts/) (ready.ua.edu/ua-alerts/)

### Checklist

- Conduct self-assessment.
- Complete your personal information sheet and include it in your emergency kit.
- Assemble your emergency kit.
- Identify areas of refuge.
- Identify support team members.
- Review/update each semester or after any status change.
